

Areas for Addition by Testing

Select the area(s) that corresponds to the Praxis II test(s) you have successfully passed. **Additions will only be done for the area(s) in which official scores have been received by our office.** DO NOT request areas in which you have not passed the corresponding Praxis II test(s).

The following tests are the only approved tests for adding a content area to an existing license. **If the test you took does not appear on this form, you are not eligible for an addition.**
